Dear Mr. Mauro:

**Re: GATEWAY VILLA HOTEL TOWER RENOVATION
Mechanical Plumbing Contract
Our File No.: 4:154000**

We would like to express our appreciation for a job well done at the Villa Hotel Tower. DMS helped us achieve the very compressed schedule requirements and was very helpful and proactive in dealing with many unexpected changes and unknown site conditions.

We were impressed with the efficient and professional manner in which the work was executed both in the field and in the office. Field superintendent Allan Higgins was very helpful on site and often made an extra effort to solve problems and meet the schedule milestones. Victor Cimaglia and the rest of the office staff were very prompt and accurate with the paperwork and ensured that Allan had the necessary resources to succeed.

We thank you again and look forward to working with your team again in the future.

Yours truly,
