To Whom It May Concern:

RE: DMS MECHANICAL LTD.

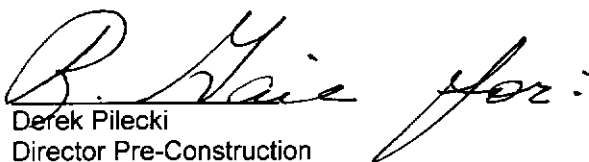

DMS Mechanical Ltd. completed their First Contract, The L'Hermitage at 788 Richards Street, Vancouver, BC for Metro-Can Construction Ltd. in 2008.

We found DMS Mechanical Ltd. to be capable and professional in meeting the challenges of this large multi-use project.

DMS Mechanical Ltd. was successful in joining our Millennium Water team in 2007 for their Second Contract with us and have been co-operative and helpful in making the new technologies specified for the Athletes Village buildings work.

We can recommend DMS Mechanical Ltd. and expect to be doing further work with them in the future.

Yours truly,
METRO-CAN CONSTRUCTION LTD.

Derek Pilecki
Director Pre-Construction
